RACE WON BY A FRENCHMAN.

They Capture the James Gordon Bennett Cup.

Saalburg, June 18.—France, represented by Thery, Friday won the fifth annual motor race for the James Gordon Bennett cup, the great event of the motoring world, from Jenatzky of Germany, the holder of the trophy, by 11 minutes and 18 seconds, after a magnificent speed test of 348 miles over a difficult and dangerous course. Decaters of Germany was third, 45 minutes and 10 seconds behind Jenatzky.

Thery's total time was 5 hours, 50 minutes and 3 seconds.
The weather conditions were perfect and the race was not marred by any serious accident.

Prominent Attorney Suicides.

Jacksonville, Fla., June 18.—Charles H. McCoy, a prominent attorney of Chicago, committed suicide Tuesday by cutting his throat with a razor in a bathtub at a hotel here. McCoy, it is said, in the last few days had lost \$10,000 by speculating in stocks in Wall street, through a local firm.

Nine Injured in a Panic.

New York, June 18.—In a panic among passengers on a Brooklyn trolley car of the Fulton street line last night nine persons received slight injuries, most of them requiring the attention of physicians. The panic was caused by the blowing out of a fuse.

IOWA BOY MURDERED.

Found Lying in the Road With a Bullet in His Head.

Des Moines, Ia., June 18.—Harry Allen, aged fourteen years, living near Osceola, in Clark county, was found lying bleeding in the road by his brother Thursday afternoon. A bullet had pierced his forehead. He lived only long enough to say he had been shot by a strange man who rose from the bushes as he passed along the road. Officers, however, take little stock in the story and expect to find that some one living in this vicinity fired the fatal shot.

Big Shortage in Bank's Funds.

Zanesville, O., June 18.—According to a statement made by Receiver Orme of the Commercial Bank of Cambridge, the shortage in the bank's funds is \$100,000 or more. Vice President H. O. Barber and Cashier Patterson are missing.

AMERICANS WERE COOL.

Took a Professional Interest in Battle at Vafangok.

Liaoyang, June 18.—The wounded in the first two days' fighting at Vafangow are arriving here.

A lieutenant of Cossacks says the American military attaches were with his command most of June 15, during the hottest part of the fight. He commented upon their coolness and their professional interest in the operations to the exclusion of the idea of personal danger.

"The Russian artillery," the lieutenant says, "was splendidly served, but was outmatched in number by the Japanese guns. One Russian battery pitted against Japanese batteries was literally smothered by Japanese shells. I saw one Russian battery land three shells in the midst of an ammunition train, which was galloping up to serve the Japanese guns. Two caissons exploded, killing all the horses and drivers.

"The Japanese guns fired at least 1,500 rounds. The Russians fired several times on Japanese infantry in close formation, causing tremendous havoc."

An officer of the Fourth battery says his battery was in a duel at two and a half miles with a Japanese battery and silenced it. His battery then ran out of ammunition and men carried the breech mechanism of the guns with them to the rear and brought up a fresh supply of ammunition and resumed serving the guns.

Several of the Russian dead found in the bushes were horribly mutilated. The foreign attaches drew up a formal memorandum of this.

KUROPATKIN QUILTS LIAOYANG.

Will Assume Command of Force Advancing Toward Port Arthur.

London, June 18.—The correspondent of the Daily Chronicle at Yinkow, in a dispatch dated June 17, says that General Kuropatkin left Liaoyang Wednesday last to assume command of the army operating toward Port Arthur.

BESIEGING PORT ARTHUR.

Over One Hundred Thousand Japs Investing the Fortress.

Chefoo, June 18.—Chinese refugees arriving here state that there are 110,000 Japanese troops investing Port Arthur and that fresh troops are being landed on the peninsula south of Kaichow.

AMERICANS MAY LAND

TOUGH MOORISH TROOPS A MEN-

ACE TO THE EUROPEANS
IN TANGIER.

London, June 18.—The correspond-

ent of the Daily Mail at Tangier says: "The ruffianly Moorish troops are still here despite the strong protests lodged with the authorities by Great Britain and the United States. It is stated that the Americans are prepared to occupy the town with 1,000 men unless the sultan withdraws these soldiers."

"Should Mr. Perdicaris be killed the United States will cast the Morocco question into the melting pot."

Tangier, June 18.—News has been sent to Raisuli through Sherief of Bazzan that all his demands have been complied with.

The authorities hope that the landing of some 400 Moorish troops here Thursday will not upset the arrangements and this is now the only thing which threatens difficulties. These troops are of the worst type and though they were ostensibly sent by the sultan for the protection of Europeans, the residents of the city continue uneasy because the troops have no discipline whatever and endanger life and property.

The authorities express the hope that Messrs. Perdicaris and Varley will reach Tangier on Monday next.

GENERAL BOBRIKOFF IS DEAD.

No Excitement Follows Death of Finland's Governor.

Helsingfors, Finland, June 18.—The Russian flag at half mast over the governor's palace Friday proclaimed to the people of Helsingfors that General Bobrikoff, governor general of Finland, was dead. There was no excitement in the city and no attempt at demonstration was made. The father, mother, brothers and sisters of Schaumann, the assassin of Bobrikoff, were arrested and subjected to a searching examination, but were released and allowed to go home.

How far the Swedish party is implicated in the killing of the governor general has not been established, but the authorities are convinced that Schaumann had accomplices, who found in the brooding, half-fanatic student, a ready tool.

Warning of the intended assassination of the governor had twice reached the authorities.

General Bobrikoff's body will be conveyed to St. Petersburg, June 19, for interment.

DR. AMES GROWS WEAKER.

Former Mayor of Minneapolis May Soon Expire.

Minneapolis, June 18.—Dr. Ames is slowly growing weaker and while he about held his own Friday the attending physicians fear that unless there is a sudden change for the better there will be little hope for his recovery. The doctor is unable to take nourishment, and while he may live for a few days his friends expect his death at any time.

TO SEAT STALWARTS

THE REPUBLICAN COMMITTEE DECIDES WISCONSIN CONTEST IN THEIR FAVOR.

DISPUTE IS NOT YET ENDED

WISCONSIN SUPREME COURT TO DETERMINE WHICH STATE TICKET IS LEGAL.

Chicago, June 18.—By unanimous vote the Republican national committee late Friday afternoon decided to seat the delegates at large from Wisconsin who are members of the so-called "stalwart" faction, headed by United States Senators John C. Spooner and Joseph V. Quarles, and opposed to the Republicans led by Governor Robert M. La Follette.

While the contest is partly settled so far as the national convention is concerned, the dispute among the two parties of the Badger state is by no means ended, as the Wisconsin courts are to be asked to determine which of the two conventions recently held in the state was legally the party convention and entitled to have the names of its nominees for state officers placed upon the official ballot, under the regular party name.

The "stalwart" delegates at large, who were seated, are Senator John C. Spooner, Senator Joseph V. Quarles, Congressman Joseph W. Babcock and Emil Baensch.

The delegates at large from the La Follette faction were: Governor Robert M. La Follette, W. D. Connor, Isaac Stephenson and James B. Scott.

After the national committee had decided against the supporters of the governor from Wisconsin, the leaders of Mr. La Follette's side announced their determination to carry the fight to the end and it is probable, in spite of the decision of the committee, that the dispute will again be fought out before the committee on credentials in the national convention.

The anti-La Follette men were equally determined to continue the contest, which had been exceedingly bitter. The Spooner adherents asserted that first legal action to be taken would come from their side and would very likely be in the form of mandamus proceedings to compel the placing of their candidates, headed by Samuel A. Cook for governor, on the official ballot of the state or else for an injunction to prevent the placing of the La Follette ticket on the official ballot.

Supreme Court Meets in August.

The state supreme court meets in August and it was stated the matter would be ready to be presented by this time.

The time limit for placing the candidates' names on the ballot expires Oct. 15, by which time it is thought the matter will have been decided.

It was contended by the "stalwart" faction that the action of the committee in recognizing them will determine the decision of the Wisconsin supreme court.

In the arguments before the committee the stalwarts were represented by John M. Olin of Madison and M. G. Jeffris of Janesville. H. W. Chynoweth of Madison and Gilbert E. Roe of New York presented the side of the La Follette men.

The manner of holding the separate convention was reviewed, the way in which the delegates were elected was recited and numerous charges were made on both sides. A rule limiting the time of arguments on contests was suspended and each side was given full opportunity to present its case. After the vote to seat the stalwart delegates was taken Governor La Follette and his supporters left for home.

The committee affirmed the report of the subcommittee on the selection of temporary officers for the convention. These will be Charles W. Johnson, Minneapolis, secretary; John E. Molloy, Ohio, first assistant secretary; Elihu Root, temporary chairman; William E. Stone, sergeant-at-arms; David C. Owen, Milwaukee, first assistant sergeant-at-arms. A long list of minor employees was adopted as reported by the subcommittee. The committee then adjourned until Monday, all the contests having been settled.

THE HURRICANE IN CUBA.

More Than One Hundred Persons Perished as the Result.

Santiago de Cuba, June 18.—The recent fall of fourteen inches of rain in five hours, accompanying a hurricane, has resulted in the death of more than 100 persons. The most severe loss was at the village of El Cobra, where about sixty persons were drowned. The river rose instantly, covering the lower part of the village. Bodies were carried eight miles to the bay. Thirty bodies were recovered.

Six persons were drowned at Balquid, fourteen at El Caney and many in the surrounding country. The list is still incomplete.

One hundred and fifty houses were destroyed or damaged here and five persons lost their lives.

President to Attend a Wedding.

Washington, June 18.—The president, Mrs. Roosevelt and Miss Carew left Washington last night to attend the wedding of the president's niece, Miss Helen Roosevelt, to Theodore Douglass Robinson at Hyde Park, N. Y., on Saturday.

IN FAVOR OF THE SETTLERS.

Minnesota Supreme Court's Decision in "Russell Sage" Case.

St. Paul, June 18.—In a total of eighteen decisions handed down Friday by the state supreme court there are a number of important rulings.

The test case in which the Hastings and Dakota railway's assigns are trying to oust certain settlers in its land grant is decided in favor of the settlers. This is the so-called Russell Sage case, which is an appeal by Michael Rudnick, a Swift county farmer, from the decision of the district court of that county and involves a question of federal law. The court holds that the statute of limitations began to run in favor of the defendant at the time of his settlement on the land in controversy, and not from the time that the title passed from the government to the railroad company, and he is given the land by virtue of adverse possession. The case will undoubtedly be appealed to the United States supreme court.

IOWA DAY AT WORLD'S FAIR.

Large Crowd of Hawkeyes Witness the Ceremonies.

St. Louis, June 18.—Iowa came to the front during the day and its citizens visited the world's fair in throngs. Liberal advertising and reduced railroad rates had the effect of attracting a larger attendance than any state day except Missouri day has done.

The military parade formed at the Iowa state pavilion and marched to the Iowa monument at the head of the cascades, on the Terrace of States.

The monument was presented to Iowa by Isaac S. Taylor, director of works of the exposition, and accepted by Commissioner Leroy A. Palmer of Mount Pleasant, Ia. The parade then reformed and counter-marched to the state pavilion, where the formal programme was carried out. Addresses were made by Governor Albert B. Cummins, former Governor William Larrabee, president of the Iowa world's fair commission; Thomas D. Healy of Fort Dodge and President David R. Francis of the exposition.

Bank President Shoots Himself.

Guthrie, O. T., June 18.—A special from Dallas, Tex., states that W. S. Mayes, arrested there on charges of false entries in the failed First National Bank of Oklahoma, of which he was president, had shot himself and was dying.

BANDITS NOT TAKEN

MONTANA TRAIN ROBBERS SUCCEED IN KEEPING AWAY FROM PURSUERS.

Missoula, Mont., June 18.—With a reward of \$2,300 hanging over each of the bandits engaged in the holding up and dynamiting of the North Coast limited train and with a number of posses in pursuit, not a word has come to indicate the capture of any member of the gang.

Butte, Mont., June 18.—A Butte man named Annaweldt, who was a passenger on the North Coast limited that was held up near Bearmouth Thursday night, throws new light on the affair. He says that while two of the gang did the actual work, they had confederates in the woods down the track. After the safe had been blown up and the booty secured, the two robbers rushed the engineer and fireman down the track away from the engine. Mr. Annaweldt followed unnoticed. When the robbers had gone 150 yards they stopped and yelled: "It's us with the fireman and engineer. Don't shoot."

Voices from the wood yelled: "All right, come on." Then Mr. Annaweldt heard the tramp of horses as if a party of men were mounting horses. The robbers commanded the engineer and fireman to stay where they were and entered the woods. Later Mr. Annaweldt heard them ride away.

He says judging from the sounds there must have been seven or eight men. It is the belief here that the robbery is the work of the famous "Dutch Henry" gang, which is the remnant of the band of desperadoes once headed by Kid Curry. This crowd was active in Teton county last winter but has not been heard from for weeks and was thought to have crossed the Canadian line.

"Dutch Henry" is an old pal of Curry's and the man to lead an expedition of the Bearmouth sort.

WARSHIPS WILL VISIT TURKEY.

Formidable Fleet of American Vessels Going to Turkish Waters.

Washington, June 18.—The American battleship squadron, commanded by Rear Admiral Barker, has sailed from Lisbon on a visit to the ports of Greece and Austria. It is reported that after spending a few weeks there, Admiral Barker will be reinforced by the European squadron under Rear Admiral Jewell, and this formidable fleet will pay a visit to Turkish waters about the time Mr. Leishmann, the American minister, takes up in earnest again his negotiations with the porte to insure for Americans in Turkey the same rights as are enjoyed by citizens of some privileged European nations.

Bryan Visits the Fair.

St. Louis, June 18.—William J. Bryan, accompanied by Major John E. Osborne of Rawlins, Wyo., visited the fair Friday. Mr. Bryan said that his visit was purely social and without political significance.

BODIES IN THE WRECK

MANY VICTIMS OF THE GENERAL

SLOCUM DISASTER STILL IN THE SUNKEN HULK.

COULD NOT EXTRICATE THEM

DIVERS SAY WRECK MUST BE DYNAMITED OR RAISED TO RECOVER ALL CORPSES.

New York, June 18.—Despite the untiring work of divers and grapples, and the watchfulness of scores of men who have given themselves over to the task of searching for the "missing," but few bodies of those who perished in the Slocum disaster were recovered Friday. It was stated by divers who went down into the wreck at dawn that there are many bodies still under the entanglement of timbers and paddle wheels, and that it would be necessary to dynamite the hulk or raise it before they would be reached.

To this end city officials communicated with a wrecking company and an announcement was made that the company would undertake the work of bringing the wreck to the surface. Later, however, a conference between the marine insurance companies and the wrecking company ended in a disagreement, with the result that for the present at least the matter is in abeyance.

At this conference it was announced that the Knickerbocker Steamboat company, which owns the General Slocum, had resigned all claim to the boat on the agreement that it should receive \$70,000, the amount for which the boat was insured. The insurance companies and the wrecking company failed to agree on terms, and if the boat is raised at all the cost will come out of the city treasury.

Secretary Cortelyou of the department of commerce and labor will personally undertake the investigation into the disaster, on behalf of the government; District Attorney Jerome's assistants are working energetically on the case, and officials of the coroner's office have made considerable progress in the way of gathering evidence which will be presented on Monday, when the coroner's inquiry will begin.

There is in the coroner's possession a stand pipe taken at his direction by a diver from the submerged wreck. The valve of the pipe is closed tight, showing that no use was made of this pipe in fighting the flames on the Slocum.

Went Miles After Fire Broke Out.

Statements were made to the coroner Friday by several of the steamboat employees who will appear as witnesses at the inquest that the captain of the Slocum sailed his boat a distance of between three and four miles after the fire broke out before beaching her. Several watches showed that more than half an hour had elapsed from the breaking out of the fire until the boat was run ashore, all the watches were taken from bodies of the drowned stopping between 10:10 and 10:20 in the morning.

Estimates as to the number of dead still vary greatly, and this may be accounted for by reason of the failure to report to the proper authorities on the part of many who although officially registered as missing, were in reality saved.

The officials at the Bellevue morgue gave out these figures on the Slocum disaster: Dead recovered, 569; identified, 521; unidentified or unrecognizable, 59.

The first funeral from among the victims was held Friday. It was that of a young girl who is believed to have died of heart disease from fright. No signs of death from burning or drowning were found. Her funeral was followed by a score of others which were attended by thousands of persons.

Tomorrow there will be 300 or more funerals, and thirty-two unrecognizable bodies which are now lying at the morgue will be placed each in a separate coffin and in a separate hearse and laid away in the Lutheran cemetery at Middle Village, L. I. The city has arranged for their burial, a plot large enough for the interment of 250 bodies having been set aside in this cemetery. All the unknown dead will be placed here side by side.

Many thousands of dollars have been subscribed to the relief fund.

SURVIVORS REACH NAGASAKI

Seventy-three Men Escape From the Transport Sado.

Nagasaki, June 18.—Seventy-three survivors from the transport Sado arrived here Friday. They escaped in a water boat and contrived a sail from their clothing. They met a British steamer off the island of Iki at 5 p. m. Thursday and were towed to a point near Nagasaki. The survivors say that the Sado's engines were disabled after a few shots had been fired by the Russians. When the survivors left the scene the Hitachi was still afloat.

Colored Murderer Electrocuted.

Columbus, O., June 18.—Moses Johnson, colored, of Portsmouth, O., was electrocuted in the annex at the Ohio penitentiary at 12:05 this morning for the murder of Edward Test, an insurance agent. There was no hitch in the electrocution.

TO SEAT STALWARTS

THE REPUBLICAN COMMITTEE DECIDES WISCONSIN CONTEST IN THEIR FAVOR.

DISPUTE IS NOT YET ENDED

WISCONSIN SUPREME COURT TO DETERMINE WHICH STATE TICKET IS LEGAL.

Chicago, June 18.—By unanimous vote the Republican national committee late Friday afternoon decided to seat the delegates at large from Wisconsin who are members of the so-called "stalwart" faction, headed by United States Senators John C. Spooner and Joseph V. Quarles, and opposed to the Republicans led by Governor Robert M. La Follette.

While the contest is partly settled so far as the national convention is concerned, the dispute among the two parties of the Badger state is by no means ended, as the Wisconsin courts are to be asked to determine which of the two conventions recently held in the state was legally the party convention and entitled to have the names of its nominees for state officers placed upon the official ballot, under the regular party name.

The "stalwart" delegates at large, who were seated, are Senator John C. Spooner, Senator Joseph V. Quarles, Congressman Joseph W. Babcock and Emil Baensch.

The delegates at large from the La Follette faction were: Governor Robert M. La Follette, W. D. Connor, Isaac Stephenson and James B. Scott.

After the national committee had decided against the supporters of the governor from Wisconsin, the leaders of Mr. La Follette's side announced their determination to carry the fight to the end and it is probable, in spite of the decision of the committeemen, that the dispute will again be fought out before the committee on credentials in the national convention.

The anti-La Follette men were equally determined to continue the contest, which had been exceedingly bitter. The Spooner adherents asserted that first legal action to be taken would come from their side and would very likely be in the form of mandamus proceedings to compel the placing of their candidates, headed by Samuel A. Cook for governor, on the official ballot of the state or else for an injunction to prevent the placing of the La Follette ticket on the official ballot.

Supreme Court Meets in August.

The state supreme court meets in August and it was stated the matter would be ready to be presented by this time.

The time limit for placing the candidates' names on the ballot expires Oct. 15, by which time it is thought the matter will have been decided.

It was contended by the "stalwart" faction that the action of the committee in recognizing them will determine the decision of the Wisconsin supreme court.

In the arguments before the committee the stalwarts were represented by John M. Olin of Madison and M. G. Jeffris of Janesville. H. W. Chynoweth of Madison and Gilbert E. Roe of New York presented the side of the La Follette men.

The manner of holding the separate convention was reviewed, the way in which the delegates were elected was recited and numerous charges were made on both sides. A rule limiting the time of arguments on contests was suspended and each side was given full opportunity to present its case. After the vote to seat the stalwart delegates was taken Governor La Follette and his supporters left for home.

The committee affirmed the report of the subcommittee on the selection of temporary officers for the convention. These will be Charles W. Johnson, Minneapolis, secretary; John E. Molloy, Ohio, first assistant secretary; Elihu Root, temporary chairman; William E. Stone, sergeant-at-arms; David C. Owen, Milwaukee, first assistant sergeant-at-arms. A long list of minor employees was adopted as reported by the subcommittee. The committee then adjourned until Monday, all the contests having been settled.

THE HURRICANE IN CUBA.

More Than One Hundred Persons Perished as the Result.

Santiago de Cuba, June 18.—The recent fall of fourteen inches of rain in five hours, accompanying a hurricane, has resulted in the death of more than 100 persons. The most severe loss was at the village of El Cobre, where about sixty persons were drowned. The river rose instantly, covering the lower part of the village. Washington, June 18.—The president, Mrs. Roosevelt and Miss Carew left Washington last night to attend the wedding of the president's niece, Miss Helen Roosevelt, to Theodore Douglass Robinson at Hyde Park, N. Y., on Saturday.

IN FAVOR OF THE SETTLERS.

Minnesota Supreme Court's Decision in "Russell Sage" Case.

St. Paul, June 18.—In a total of eighteen decisions handed down Friday by the state supreme court there are a number of important rulings.

The test case in which the Hastings and Dakota railway's assigns are trying to oust certain settlers in its land grant is decided in favor of the settlers. This is the so-called Russell Sage case, which is an appeal by Michael Rudnick, a Swift county farmer, from the decision of the district court of that county and involves a question of federal law. The court holds that the statute of limitations began to run in favor of the defendant at the time of his settlement on the land in controversy, and not from the time that the title passed from the government to the railroad company, and he is given the land by virtue of adverse possession. The case will undoubtedly be appealed to the United States supreme court.

IOWA DAY AT WORLD'S FAIR.

Large Crowd of Hawkeyes Witness the Ceremonies.

St. Louis, June 18.—Iowa came to the front during the day and its citizens visited the world's fair in throngs. Liberal advertising and reduced railroad rates had the effect of attracting a larger attendance than any state day except Missouri day has done.

The military parade formed at the Iowa state pavilion and marched to the Iowa monument at the head of the cascades, on the Terrace of States.

The monument was presented to Iowa by Isaac S. Taylor, director of works of the exposition, and accepted by Commissioner Leroy A. Palmer of Mount Pleasant, Ia. The parade then reformed and counter-marched to the state pavilion, where the formal programme was carried out. Addresses were made by Governor Albert B. Cummins, former Governor William Larrabee, president of the Iowa world's fair commission; Thomas D. Healy of Fort Dodge and President David R. Francis of the exposition.

Bank President Shoots Himself.

Guthrie, O. T., June 18.—A special from Dallas, Tex., states that W. S. Mayes, arrested there on charges of false entries in the failed First National Bank of Oklahoma, of which he was president, had shot himself and was dying.

BANDITS NOT TAKEN

MONTANA TRAIN ROBBERS SUCCEED IN KEEPING AWAY FROM PURSUERS.

Missoula, Mont., June 18.—With a reward of \$2,300 hanging over each of the bandits engaged in the holding up and dynamiting of the North Coast limited train and with a number of posses in pursuit, not a word has come to indicate the capture of any member of the gang.

Butte, Mont., June 18.—A Butte man named Annaweldt, who was a passenger on the North Coast limited that was held up near Bearmouth Thursday night, throws new light on the affair. He says that while two of the gang did the actual work, they had confederates in the woods down the track. After the safe had been blown up and the booty secured, the two robbers rushed the engineer and fireman down the track away from the engine. Mr. Annaweldt followed unnoticed. When the robbers had gone 150 yards they stopped and yelled: "It's us with the fireman and engineer. Don't shoot."

Voices from the wood yelled: "All right, come on." Then Mr. Annaweldt heard the tramp of horses as if a party of men were mounting horses. The robbers commanded the engineer and fireman to stay where they were and entered the woods. Later Mr. Annaweldt heard them ride away. He says judging from the sounds there must have been seven or eight men. It is the belief here that the robbery is the work of the famous "Dutch Henry" gang, which is the remnant of the band of desperadoes once headed by Kid Curry. This crowd was active in Teton county last winter but has not been heard from for weeks and was thought to have crossed the Canadian line.

"Dutch Henry" is an old pal of Curry's and the man to lead an expedition of the Bearmouth sort.

BODIES IN THE WRECK

MANY VICTIMS OF THE GENERAL SLOCUM DISASTER STILL IN THE SUNKEN HULK.

COULD NOT EXTRICATE THEM

DIVERS SAY WRECK MUST BE DYNAMITED OR RAISED TO RECOVER ALL CORPSES.

New York, June 18.—Despite the untiring work of divers and grapples, and the watchfulness of scores of men who have given themselves over to the task of searching for the "missing," but few bodies of those who perished in the Slocum disaster were recovered Friday. It was stated by divers who went down into the wreck at dawn that there are many bodies still under the entanglement of timbers and paddle wheels, and that it would be necessary to dynamite the hulk or raise it before they would be reached.

To this end city officials communicated with a wrecking company and an announcement was made that the company would undertake the work of bringing the wreck to the surface. Later, however, a conference between the marine insurance companies and the wrecking company ended in a disagreement, with the result that for the present at least the matter is in abeyance.

At this conference it was announced that the Knickerbocker Steamboat company, which owns the General Slocum, had resigned all claim to the boat on the agreement that it should receive \$70,000, the amount for which the boat was insured. The insurance companies and the wrecking company failed to agree on terms, and if the boat is raised at all the cost will come out of the city treasury.

Secretary Cortelyou of the department of commerce and labor will personally undertake the investigation into the disaster, on behalf of the government; District Attorney Jerome's assistants are working energetically on the case, and officials of the coroner's office have made considerable progress in the way of gathering evidence which will be presented on Monday, when the coroner's inquiry will begin.

There is in the coroner's possession a stand pipe taken at his direction by a diver from the submerged wreck. The valve of the pipe is closed tight, showing that no use was made of this pipe in fighting the flames on the Slocum.

Went Miles After Fire Broke Out.

Statements were made to the coroner Friday by several of the steamboat employees who will appear as witnesses at the inquest that the captain of the Slocum sailed his boat a distance of between three and four miles after the fire broke out before beaching her. Several watches showed that more than half an hour had elapsed from the breaking out of the fire until the boat was run ashore, all the watches which were taken from bodies of the drowned stopping between 10:10 and 10:20 in the morning.

Estimates as to the number of dead still vary greatly, and this may be accounted for by reason of the failure to report to the proper authorities on the part of many who although officially registered as missing, were in reality saved.

The officials at the Bellevue morgue gave out these figures on the Slocum disaster: Dead recovered, 569; identified, 521; unidentified or unrecognizable, 39.

The first funeral from among the victims was held Friday; it was that of a young girl who is believed to have died of heart disease from fright. No signs of death from burning or drowning were found. Her funeral was followed by a score of others which were attended by thousands of persons.

Tomorrow there will be 300 or more funerals and thirty-two unrecognizable bodies which are now lying at the morgue will be placed each in a separate coffin and in a separate hearse and laid away in the Lutheran cemetery at Middle Village, L. I. The city has arranged for the interment of 250 bodies having been set aside in this cemetery. All the unknown dead will be placed here side by side.

Many thousands of dollars have been subscribed to the relief fund.

SURVIVORS REACH NAGASAKI

Seventy-three Men Escape From the Transport Sado.

Nagasaki, June 18.—Seventy-three survivors from the transport Sado arrived here Friday. They escaped in a water boat and contrived a sail from their clothing. They met a British steamer off the island of Iki at 5 p. m. Thursday and were towed to a point near Nagasaki. The survivors say that the Sado's engines were disabled after a few shots had been fired by the Russians. When the survivors left the scene the Hitachi was still afloat.

Colored Murderer Electrocuted.

Columbus, O., June 18.—Moses Johnson, colored, of Portsmouth, O., was electrocuted in the annex at the Ohio penitentiary at 12:05 this morning for the murder of Edward Test, an insurance agent. There was no hitch in the electrocution.

THE Hubbard County Enterprise devotes its front page this week to fishing in that region. If the sport is as good as the illustrations would indicate it is only second to Crow Wing county as the fisherman's paradise.

THE rule or ruin policy of the state machine to effect the nomination of Judge Collins has caused many a man friendly to the St. Cloud politician to turn from him in the present contest. The fight has become so bitter with them that they seem to be willing to sacrifice the party rather than see their candidate go down to defeat. So desperate are they that in counties conceded to Dunn they are endeavoring to send contesting delegations to the state convention hoping to tie up the state convention and prevent the delegates from the Dunn counties from participating in the preliminary organization of the convention. Cass is a natural Dunn county and there they have succeeded in getting the secretary of the county committee, a Collins man, to call the convention without the consent of the other members of the committee, who are Dunn men, on the basis of the Van Sant vote in 1902 when the state committee definitely directed the basis of representation to be made on the McKinley vote. In St. Louis county is this move also apparent, for the Collins end of the committee called for primaries for the county convention on the evening before the convention which does not give the delegates on the range time to get to Duluth in time to participate, but in this they will be foiled for already a special train has been provided for. Thus do the desperate efforts crop out and the general feeling prevails that the limit has been reached. Sharp political tricks will not win in this contest and

R. C. Dunn will be nominated for governor in St. Paul on June 30.

Mrs. Carrie M. Lagerquist has sold her extensive grocery business on Sixth street south to K. W. Lagerquist and the latter will take charge July 1.

Mrs. Lagerquist has conducted the business since her husband, P. M. Lagerquist, died in 1901 and the new proprietor, K. W. Lagerquist, has been the manager for her during this time.

The store is one of the best in the city and the business has always been conducted in the most reliable and thorough manner. The new proprietor is not a new man in Brainerd. He went to work for the late P. M. Lagerquist in 1896 and has been connected with the firm ever since. He is a young man worthy of the highest esteem and has a large acquaintance in the city. There will be little change in the general conduct of the business.

BASE BALL NUBS

The Brainerd base ball team is playing a game this afternoon at Athletic park with the Verdale team. Mattison, the new twirler, is in the box for the locals and Olson is doing the twirling for Verdale.

Tomorrow afternoon at 3:30 o'clock the same teams will play and it is expected that this will be the very best game of the season. Jim Boyle will be on the slab for Brainerd and S. E. Engstrom will be at the receiver's end. There will be a large crowd out as the teams are known to be evenly matched. Christiansen will be on the rubber for Verdale and he is said to be a star and will give the boys quite a battle for their money.

HERE TO WORK BUT HE CANNOT

Contractor Johnson, of Minneapolis, Arrived with Men and Outfit to work on Sewer

BOND HAS NOT BEEN FIXED UP

Contractor E. T. Webster, Said to have Sublet Contract to Johnson for the Work.

Contractor Johnson and five or six men with a complete outfit of implements used in constructing sewers, arrived in the city to go to work on the Second ward sewer, he having taken a sub contract from E. T. Webster of Green Bay, Wis., who was the lowest bidder at the time the contract was let, but no work can be done at present on the sewer from the fact that Webster has failed to comply with the request of the council regarding certain clauses in the bond.

The bond for \$8,000 came up for approval at a recent meeting of the council, but City Attorney Fleming suggested a few alternations and the matter was taken up with Mr. Webster. So far he has not complied and Johnson and his men are on the ground ready to go to work, but will not be allowed to do so until the matter is adjusted.

HOTEL MUDDLE SETTLED

J. M. Markham and Frank P. Hannifin Have Settled Difficulties in re Bemidji Hotel

Ever since Frank P. Hannifin purchased the Markham hotel in Bemidji, he and the former proprietor, J. M. Markham have not been on the best of terms. Mr. Hannifin had two suits against him in court and the feeling between the two men was constantly growing worse.

As a result of this feeling Mr. Markham had made arrangements to build a new \$80,000 hotel in Bemidji, and already had the basement excavated and the foundation walls laid. Of course this move would detract considerably from the value of the Markham hotel property, for which Mr. Hannifin paid \$31,000.

Now, however, Mr. Markham has decided not to build his new hotel. Word from Bemidji this week is to the effect that Messrs Markham and Hannifin got together and settled their difference, and Markham agreed to drop his hotel project. One report is to the effect that Markham will now purchase the hotel back again, while another report is to the effect that G. E. Trent will lease the hotel and conduct it himself.

MET DEATH IN FOLDING BED

Mrs. J. H. Clark, Sister of Mrs. George Forsythe, Dies Suddenly in Denver

WAS FORMERLY RESIDENT HERE

Had Been in Ill Health for Some-time and Had Recently Returned from California

Mrs. George Forsythe has received the sad news of the death of her sister, Mrs. J. H. Clark, at her home in Denver, Col., and the peculiar circumstances surrounding the death.

Mrs. Clark had been in ill health for some time and a short time ago returned from California where she had been to recuperate. A few evenings ago she retired to her room with her nurse and both went to bed. They slept in a large folding bed and about 10 o'clock the bed suddenly snapped together and Mrs. Clark was caught between the mattress and the head of the bed and it is thought the fright with slight injuries caused her death.

Mrs. Clark was formerly a resident of this city and is well known here.

Startling Evidence

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. P. Dunn & Co., druggists. Trial bottles free, regular sizes 50c and \$1.00.

MERCHANTS RESPONDING NOBLY

Committee Out Raising Some Money to Help Band Out, for Which Concerts will be Given During Summer

A committee started out yesterday with a subscription paper to solicit funds for the Brainerd Elk band to help them defray their expenses during the summer months. The band has volunteered in the past and is willing during the summer months this year to give concerts every week in the N. P. park and a few of the public spirited citizens believe that it is no more than right that the boys be reimbursed in some manner for their time and trouble. The committee met with good success yesterday and a neat sum was secured as a starter. The band will continue to give concerts every week as soon as the members who are with the military company at Lake City this week returns.

Comfort Swing Chair

Made entirely of metal and fancy colored canvas. The material is light and firmly braced, finished in black enamel. Folds compactly, occupying space of only 4½ x 31 inches. Is set up or folded by removing only four stove bolts. Perfectly simple.

Solid Comfort

In the Comfort Chair. There's no argument necessary—it's simply a fact. Sitting or reclining. Swinging or not. Just good old Comfort. Put the chair anywhere. You don't need a great big lawn with trees or a great big anything. Any little shady corner will do. You can put the chair where the shade is and move it if the shade moves. The independent standards which are a part of the chair do it all.

Suppose you call and see it.
You do not need to buy—
But you probably will—other people do.
Because the price is only \$4.50.

BASE BALL NUBS

The Brainerd base ball team is playing a game this afternoon at Athletic park with the Verdale team. Mattison, the new twirler, is in the box for the locals and Olson is doing the twirling for Verdale.

Tomorrow afternoon at 3:30 o'clock the same teams will play and it is expected that this will be the very best game of the season. Jim Boyle will be on the slab for Brainerd and S. E. Engbretson will be at the receiver's end. There will be a large crowd out as the teams are known to be evenly matched. Christiansen will be on the rubber for Verdale and he is said to be a star and will give the boys quite a battle for their money.

HERE TO WORK BUT HE CANNOT

Contractor Johnson, of Minneapolis, Arrived with Men and Outfit to work on Sewer

BOND HAS NOT BEEN FIXED UP

Contractor E. T. Webster, Said to have Sublet Contract to Johnson for the Work.

Contractor Johnson and five or six men with a complete outfit of implements used in constructing sewers, arrived in the city to go to work on the Second ward sewer, he having taken a sub contract from E. T. Webster of Green Bay, Wis., who was the lowest bidder at the time the contract was let, but no work can be done at present on the sewer from the fact that Webster has failed to comply with the request of the council regarding certain clauses in the bond.

The bond for \$8,000 came up for approval at a recent meeting of the council, but City Attorney Fleming suggested a few alternations and the matter was taken up with Mr. Webster. So far he has not complied and Johnson and his men are on the ground ready to go to work, but will not be allowed to do so until the matter is adjusted.

HOTEL MUDDLE SETTLED

J. M. Markham and Frank P. Hannifin Have Settled Difficulties in re Bemidji Hotel

Ever since Frank P. Hannifin purchased the Markham hotel in Bemidji, he and the former proprietor, J. M. Markham have not been on the best of terms. Mr. Hannifin had two suits against him in court and the feeling between the two men was constantly growing worse.

As a result of this feeling Mr. Markham had made arrangements to build a new \$60,000 hotel in Bemidji, and already had the basement excavated and the foundation walls laid. Of course this move would detract considerably from the value of the Markham hotel property, for which Mr. Hannifin paid \$31,000.

Now, however, Mr. Markham has decided not to build his new hotel. Word from Bemidji this week is to the effect that Messrs Markham and Hannifin got together and settled their difference, and Markham agreed to drop his hotel project. One report is to the effect that Markham will now purchase the hotel back again, while another report is to the effect that G. E. Trent will lease the hotel and conduct it himself.

MET DEATH IN FOLDING BED

Mrs. J. H. Clark, Sister of Mrs. George Forsythe, Dies Suddenly in Denver

WAS FORMERLY RESIDENT HERE

Had Been in Ill Health for Some time and Had Recently Returned from California

Mrs. George Forsythe has received the sad news of the death of her sister, Mrs. J. H. Clark, at her home in Denver, Col., and the peculiar circumstances surrounding the death.

Mrs. Clark had been in ill health for some time and a short time ago returned from California where she had been to recuperate. A few evenings ago she retired to her room with her nurse and both went to bed. They slept in a large folding bed and about 10 o'clock the bed suddenly snapped together and Mrs. Clark was caught between the mattress and the head of the bed and it is thought the fright with slight injuries caused her death.

Mrs. Clark was formerly a resident of this city and is well known here.

Startling Evidence

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. P. Dunn & Co., druggists. Trial bottles free, regular sizes 50c and \$1.00.

Comfort Swing Chair

Made entirely of metal and fancy colored canvas. The material is light and firmly braced, finished in black enamel. Folds compactly, occupying space of only 4 1/2 x 31 inches. Is set up or folded by removing only four stove bolts. Perfectly simple.

Solid Comfort

In the Comfort Chair. There's no argument necessary—it's simply a fact. Sitting or reclining. Swinging or not. Just good old Comfort. Put the chair anywhere. You don't need a great big lawn with trees or a great big anything. Any little shady corner will do. You can put the chair where the shade is and move it if the shade moves. The independent standards which are a part of the chair do it all.

Suppose you call and see it. You do not need to buy— But you probably will—other people do. Because the price is only \$4.50.

COFFEE
Facts relating to this most delicious beverage

A cup of coffee is, in its perfect state, a source of delight to the epicure, a means of enjoyment to many and of injury to none when proper care has been observed by the producer. Having been favored by nature with plantations surpassingly rich, we made a scientific study of the subject. We found that, to secure a perfect product, no single berry defective in shape or color could be retained; that the utmost care is required in transportation across the sea, in mixing and curing, blending and roasting, cleaning and packing. All these requirements we observe, from the initial to the final stage of production. Then, too, we have a special curing process, and the most perfect plant adapted to our uses. Result, the Dudley Coffee, with a richness of flavor, delicious taste and purity shared by no other.

It is this peculiarly delightful and purity which renders Dudley's unique among coffees. We have been asked to explain the effect. Not time, nor labor, nor a fertile soil, nor all combined, can alone produce it. The production of perfect coffee, like that of any other product of skill or work of art, depends upon the touch of the artist.

An Interview with Dr. Rea.
Some Remarkable Cures that have been made.
His Patients are Usually Those who have tried all other kinds of Medical Skill Without Success.
A Physician Certainly Eminent in His Profession.

It goes without saying that Dr. Rea, the Specialist, who is visiting the principal cities throughout the Northwestern States is the possessor of the largest and most desirable practice of any physician throughout the Northwest. Quite naturally it is to be expected that his ability as a physician ought to be superior to the vast majority of specialists who are numbered in that particular locality.

Dr. Rea's remarkable ability insures him a practice in any land. He is perhaps to most of you personally a stranger, but well known to you by reputation. And if you have never met the gentleman and have never been sufficiently interested to look into some of his marvelous cures, you would certainly be surprised to find what results he has obtained and the cures he has made. The unacquainted are in no position to predict to others what he might do for them unless they are acquainted with some of his results. We know often times where people who were contemplating consulting a specialist, or any physician, in fact, to allow some uninterested person to persuade and prevent them from doing so, which really might be the worst they could do.

In an interview with Dr. Rea in one of his city offices he made the statement that as a rule physicians did not believe in that he was not professionally qualified, not that he was not sufficiently experienced to handle a particular line of chronic diseases that he had made a specialty of and demonstrated to the satisfaction of himself that these diseases could be cured, but that it was against the code of medical ethics to advertise or profess publicly that these diseases could be cured and it was only the cheap quack or pessimist who had more time to devote to other people's business than to his own practice that had anything to say in special condemning him.

Dr. Rea is sought after in consultation more than he has time to give and he is certainly more superior in rendering a diagnosis than any ordinary physician. He has connected with his office four regular assistants, all of whom have been with him for years and his laboratory is composed of the greatest and best variety of fresh and well selected medicines in the United States.

The firm of Dr. Rea & Co. comprises doctors, chemists, pharmacists, etc., who manufacture all their own line of special preparations that are used in their practice. Dr. Rea has been traveling in the Northwest for more than five years, he has been practicing a specialty for about fifteen years, consequently he has had a very large field of observation and that he has taken advantage of this is indicated in his many marvelous cures. It is understood that he will eventually retire from traveling and devote his time to his office practice.

We have the liberty to publish the names of a few of his patients who have testified as to the good results obtained from his treatments. These people are among the most prominent in their locality. People who have tried all varieties of doctors, medicines, etc., and have failed to be cured.

Louise Gellin, Alexandria, Minn. Cured of large goiter of the neck by the injection method.
C. H. Larson, Nelson, Minn. Cured of incontinence of the urine, bad blood and bladder troubles.
Miss Hilda Matson, Hazlewood, Minn. Cured of rheumatism.
Lucy King, Stanton, Minn. Cured of lung troubles, bronchial catarrh and bronchitis. Other doctors said she had consumption and could not get well.
Henry Swift, Trondjem, Minn. Cured of asthma.
P. Lofdahl, Brandon, Minn. Cured of gall stones of the liver and jaundice.
Andrew Braaton, Wall Lake, Minn. Cured of chronic stomach catarrh and early consumption of the lungs.
H. H. Holton, East Grand Forks, Minn. Cured of chronic gastric catarrh of the stomach. Had doctored with many other doctors without any relief whatever.

Peter Bevin, Little Falls, Minn. Cured of chronic and long standing heart disease.
Walter Shave, Glyndon, Minn. Cured of chronic, protruding piles.
P. I. Callahan, St. Wendel, Minn. Cured of liver, kidney and bowel complications.
Miss Florence Lysle, Royalton, Minn. Cured of weak eyes, as a result of nervous strain.
Mrs. Geo. Anderson, Leonard, N. D. Cured of chronic catarrh and female weakness.

F. T. Hoppin, Dexter, Minn. Cured of case of long standing bloody piles.
E. S. Hoppin, Dexter, Minn. Cured of chronic nervous debility.

Cypron P. Blaise, Swanville, Minn. Cured of a very severe case of chronic piles. Two treatments were all that was necessary.

Mrs. Josie Droskowski, Little Falls, Minn. Cured of a cancerous sore throat.
John Shallow, Little Falls, Minn. Cured of dyspepsia and chronic constipation.

Ole Anderson, Fergus Falls, Minn. Cured of heart disease and dropsy.

Miss Kate Wambach, Georgetown, Minn. Cured of chlorosis, green sickness, a condition where the blood had turned to water. The most eminent physicians had doctored her without any success whatever.

S. C. Cady's daughter, Larimore, N. D. Cured of female sickness with complications. Other doctors said she had consumption and could not get well.

Louie Trost, Grafton, N. D. Cured of chronic granulated sore eyes.

Leona South, Moorhead, Minn. Cured of general weakness, female troubles and bad blood. She had been doctored by many other doctors who said she had consumption and could not be cured.

Louisville, Ky., June 14. (Special to the Dispatch.) Dr. Rea, noted Specialist, has arranged to make his next professional visit to the Northwest and will visit the following towns:

Duluth, Minn., at the Spaulding Hotel, Saturday, June 18th.
Staples, Minn., at the Closterman Hotel, Monday, June 20th.
Aitkin, Minn., at the Willard Hotel, Tuesday, June 21st.

SOME FAVORABLE FEATURES.
Improvement in Crops and End of Lake Strike Stimulate Trade.
New York, June 18.—Bradstreet's weekly review of trade says favorable features this week are the further improvement shown in leading crops and the ending of the lean on the Great Lakes. Wheat, oats and cotton have improved, but corn is still backward, owing to the cool weather. General trade and industry have remained quiet and may be said to have "marked time." The entire situation is the feeling that with an average crop of wheat and large yields of the other cereals and of cotton now in prospect a good fall and winter business is to be looked for. Pending further progress in this direction the tendency is to await events. Prices of leading products have felt the influence of crop news, wheat, oats and cotton declining, while corn has remained very steady on reports of backward conditions and small supplies offering. Railway earnings show a decrease; transportation is better; bank clearings are larger; leading industries quiet.

Bunker Hill Day Observed.
Lynn, Mass., June 18.—Bunker Hill day in Lynn was observed by the Essex chapter, Sons of the Revolution and Lynn Historical society, which dedicated three monuments and 180 headstones over graves of Revolutionary soldiers.

TELEGRAPHIC GREVITIES.
The Nome liner Ohio was damaged by fire at Seattle Friday. Loss, \$25,000.
Frankie Nell of San Francisco knocked out Harry Forbes in the third round at Chicago Friday night.

Charles Lundahl, an ironworker, was killed Friday by falling from the roof of a six-story building at St. Paul.

Rear Admiral James H. Greer, U. S. N., retired, died Friday at his home in Washington, D. C., aged seventy-two.

Attorney General Knox says that he will retire from the cabinet some time within thirty days, perhaps about July 1.

Representative R. R. Hitt of Illinois is confined to his house in Washington suffering from the effects of an attack of acute indigestion a few days ago.

At Rat Portage, Ont., the planing mill of the Rat Portage Lumber company and thirteen dwellings were destroyed by fire Friday. Loss, \$100,000.

Santos Dumont, who comes with his dirigible airship "No. 7" to compete for the prize in the airship contest at the St. Louis exposition, arrived at New York Friday.

The will of Senator Quay was probated Friday at Beaver, Pa. It does not disclose the amount of his estate, and provides that the executors shall not file an accounting.

COFFEE

Facts relating to this most delicious beverage

A cup of coffee is, in its perfect state, a source of delight to the epicure, a means of enjoyment to many and of injury to none when proper care has been observed by the producer. Having been favored by nature with plantations surpassingly rich, we made a scientific study of the subject. We found that, to secure a perfect product, no single berry defective in shape or color could be retained; that the utmost care is required in transportation across the sea, in mixing and curing, blending and roasting, cleaning and packing. All these requirements we observe, from the initial to the final stage of production. Then, too, we have a special curing process, and the most perfect plant adapted to our uses. Result, the Dudley Coffee, with a richness of flavor, delicious taste and purity shared by no other.

It is this peculiarly delightful flavor which renders Dudley's unique among coffees. We have been asked to explain the effect. Not time, nor labor, nor a fertile soil, nor all combined, can alone produce it. The production of perfect coffee, like that of any other product of skill or work of art, depends upon the touch of the artist.

An Interview with Dr. Rea.

Some Remarkable Cures that have been made.

His Patients are Usually Those who have tried all other kinds of Medical Skill Without Success.

A Physician Certainly Eminent in His Profession.

It goes without saying that Dr. Rea, the Specialist, who is visiting the principal cities throughout the Northwestern States is the possessor of the largest and most desirable practice of any physician throughout the Northwest. Quite naturally it is to be expected that his ability as a physician ought to be superior to the vast majority of specialists who are numbered in that particular locality.

Dr. Rea's remarkable ability insures him a practice in any land. He is perhaps to most of you personally a stranger, but well known to you by reputation. And if you have never met the gentleman and have never been sufficiently interested to look into some of his marvelous cures, you would certainly be surprised to find what results he has obtained and the cures he has made. The unacquainted are in no position to predict to others what he might do for them unless they are acquainted with some of his results. We know often times where people who were contemplating consulting a specialist, or any physician, in fact, to allow some uninterested person to persuade and prevent them from doing so, which really might be the worst they could do.

In an interview with Dr. Rea in one of his city offices he made the statement that as a rule physicians did not believe in his particular way of doing business, not that he was not professionally qualified, not that he was not sufficiently experienced to handle a particular line of chronic diseases that he had made a specialty of and demonstrated to the satisfaction of himself that these diseases could be cured, but that it was against the code of medical ethics to advertise or profess publicly that these diseases could be cured and it was only the cheap quack or pessimist who had more time to devote to other people's business than to his own practice that had anything to say in special condemning him.

Dr. Rea is sought after in consultation more than he has time to give and he is certainly more superior in rendering a diagnosis than any ordinary physician. He has connected with his office four regular assistants, all of whom have been with him for years and his laboratory is composed of the greatest and best variety of fresh and well selected medicines in the United States.

The firm of Dr. Rea & Co. comprises doctors, chemists, pharmacists, etc., who manufacture all their own line of special preparations that are used in their practice. Dr. Rea has been traveling in the Northwest for more than five years, he has been practicing a specialty for about fifteen years, consequently he has had a very large field of observation and that he has taken advantage of this is indicated in his many marvelous cures. It is understood that he will eventually retire from traveling and devote his time to his office practice.

We have taken the liberty to publish the names of a few of his patients who have testified as to the good results obtained from his treatments. These people are among the most prominent in their locality. People who have tried all varieties of doctors, medicines, etc., and have failed to be cured.

Louise Gellin, Alexandria, Minn. Cured of large goiter of the neck by the injection method.

C. H. Larson, Nelson, Minn. Cured of incontinence of the urine, bad blood and bladder troubles.

Miss Hilda Matson, Hazlewood, Minn. Cured of rheumatism.

Lucy King, Stanton, Minn. Cured of lung troubles, bronchial catarrh and bronchitis. Other doctors said she had consumption and could not get well.

Henry Swift, Trondjem, Minn. Cured of asthma.

P. Lofdahl, Brandon, Minn. Cured of gall stones of the liver and jaundice.

Andrew Braaton, Wall Lake, Minn. Cured of chronic stomach catarrh and early consumption of the lungs.

H. H. Holton, East Grand Forks, Minn. Cured of chronic gastric catarrh of the stomach. Had doctored with many other doctors without any relief whatever.

Peter Bevin, Little Falls, Minn. Cured of chronic and long standing heart disease.

Walter Shave, Glyndon, Minn. Cured of chronic, protruding piles.

P. I. Callahan, St. Wendel, Minn. Cured of liver, kidney and bowel complications.

Miss Florence Lysle, Royalton, Minn. Cured of weak eyes, as a result of nervous strain.

Mrs. Geo. Anderson, Leonard, N. D. Cured of chronic catarrh and female weakness.

F. T. Hoppin, Dexter, Minn. Cured of case of long standing bloody piles.

E. S. Hoppin, Dexter, Minn. Cured of chronic nervous debility.

Cypron P. Blaise, Swanville, Minn. Cured of a very severe case of chronic piles. Two treatments were all that was necessary.

Mrs. Josie Droskowski, Little Falls, Minn. Cured of a cancerous sore throat.

John Shallow, Little Falls, Minn. Cured of dyspepsia and chronic constipation.

Ole Anderson, Fergus Falls, Minn. Cured of heart disease and dropsy.

Miss Kate Wambach, Georgetown, Minn. Cured of chlorosis, green sickness, a condition where the blood had turned to water. The most eminent physicians had doctored her without any success whatever.

S. C. Cady's daughter, Larimore, N. D. Cured of female sickness with complications. Other doctors said she had consumption and could not get well.

Louie Trost, Grafton, N. D. Cured of chronic granulated sore eyes.

Leona South, Moorhead, Minn. Cured of general weakness, female troubles and bad blood. She had been doctored by many other doctors who said she had consumption and could not be cured.

Louisville, Ky., June 14. (Special to the Dispatch.) Dr. Rea, Noted Specialist, has arranged to make his next professional visit to the Northwest and will visit the following towns:

Duluth, Minn., at the Spalding Hotel, Saturday, June 18th.

Staples, Minn., at the Closterman Hotel, Monday, June 20th.

Aitkin, Minn., at the Willard Hotel, Tuesday, June 21st.

Brainerd, Minn., at the National Hotel, Wednesday, June 22nd.

The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:

1st—The shortest line.

2nd—The most comfortable route.

3rd—Two fine through trains direct to the gates of the fair.

4th—A saving of about three hours in time.

5th—You avoid the crowds at the union depot and on the street cars.

6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by H. P. Dunn & Co., druggists.

SOME FAVORABLE FEATURES.

Improvement in Crops and End of Lake Strike Stimulate Trade.

New York, June 18.—Bradstreet's weekly review of trade says favorable features this week are the further improvement shown in leading crops and the ending of the tieup on the Great Lakes. Wheat, oats and cotton have improved, but corn is still backward, owing to the cool weather. General trade and industry have remained quiet and may be said to have "marked time." The notable underlying feature of the entire situation is the feeling that with an average crop of wheat and large yields of the other cereals and of cotton now in prospect a good fall and winter business is to be looked for. Pending further progress in this direction the tendency is to await events. Prices of leading products have felt the influence of crop news, wheat, oats and cotton declining, while corn has remained very steady on reports of backward conditions and small supplies offering. Railway earnings show a decrease; transportation is better; bank clearings are larger; leading industries quiet.

Bunker Hill Day Observed.

Lynn, Mass., June 18.—Bunker Hill day in Lynn was observed by the Essex chapter, Sons of the Revolution and Lynn Historical society, which dedicated three monuments and 180 headstones over graves of Revolutionary soldiers.

TELEGRAPHIC BREVITIES.

The Nome liner Ohio was damaged by fire at Seattle Friday. Loss, \$25,000.

Frankie Neil of San Francisco knocked out Harry Forbes in the third round at Chicago Friday night.

Charles Lundahl, an ironworker, was killed Friday by falling from the roof of a six-story building at St. Paul.

Rear Admiral James H. Greer, U. S. N., retired, died Friday at his home in Washington, D. C., aged seventy-two.

Attorney General Knox says that he will retire from the cabinet some time within thirty days, perhaps about July 1.

Representative R. R. Hitt of Illinois is confined to his house in Washington suffering from the effects of an attack of acute indigestion a few days ago.

At Rat Portage, Ont., the planing mill of the Rat Portage Lumber company and thirteen dwellings were destroyed by fire Friday. Loss, \$100,000.

Santos Dumont, who comes with his dirigible airship "No. 7" to compete for the prize in the airship contest at the St. Louis exposition, arrived at New York Friday.

The will of Senator Quay was probated Friday at Beaver, Pa. It does not disclose the amount of his estate, and provides that the executors shall not file an accounting.
